

Call for Participation

We invite you to join us in **18th International Conference on Wireless, Mobile Network & Applications (WiMoA 2026)**.

This conference is dedicated to address the challenges in the areas of wireless, mobile network issues & its applications. The Conference looks for significant contributions to the Wireless & Mobile computing in theoretical and practical aspects. The Wireless & Mobile computing domain emerges from the integration among Personal Computing, Networks, Communication Technologies, Cellular Technology and the Internet Technology. The modern applications are emerging in the area of Mobile ad hoc networks and Sensor Networks. This Conference is intended to cover contributions in both the design and analysis in the context of mobile, wireless, ad-hoc and sensor networks. The goal of this Conference is to bring together researchers and practitioners from academia and industry to focus on advanced wireless & Mobile computing concepts and establishing new collaborations in these areas..

Highlights of WIMOA 2026 include:

- 17th International Conference on Ubiquitous Computing (UBIC 2026)
- 7th International Conference on NLP & Artificial Intelligence Techniques (NLAI 2026)
- 16th International Conference on Computer Science, Engineering and Applications (ICCSEA 2026)
- 7th International Conference on Machine Learning Techniques and Data Science (MLDS 2026)
- 15th International Conference on Signal, Image Processing and Pattern Recognition (SPPR 2026)

Registration Participants

Non-Author / Co-Author / Simple Participants (No Paper)

100 EURO for Online (Without Proceedings)

490 EURO for Face to Face (With Proceedings)
